Measurements:

- card base 8 1/2" X 5 1/2" score/fold at 4 1/4"
- White front 4" X 5 1/4", inside 3 1/2" X 4 3/4"
- DSP - cut 3 different pieces of DSP at 3 3/4" X 5". Cut all at once. Starting at the top cut from 3/4" from the upper left to 1" from the lower right. Now cut the large piece into 2 pieces from the middle down to the lower left 3/4" from the left corner. You'll have enough to make 3 card fronts now.

Directions:

1. Adhere the three pieces of DSP to the White card stock. I did have to trim off a bit on the lower right layer to make it fit. You can leave space between or not. Adhere to the card front.
2. Use a post it or scrap of paper to slip under the die-cut Beautiful Motifs leaves to sponge. I used Peach Pie; Flirty Flamingo, Granny Apple or Lemon Lime twist would also work. Adhere to the card front.
3. Stamp your greeting on the White die-cut provided. Add with Dimensionals.
4. Finish with a twine bow and gems if desired.
