Measurements:

- 2 White layers at 10 1/4" X 4" scored at 5". Make a mark at the top of each at 4" from the left edge. Score diagonally to the lower left corner.
- Secret Sea 3 3/4" square; cut in half on the diagonal
- DSP 3 3/8" square; cut in half on the diagonal
- DSP strips on the side are 5/8" X 3 3/4" X 2
- White circle is 2 3/4"

Directions:

1. Turn one of the White card bases around so the largest parts are both in the center (5 1/2" wide). The scored angles should be opposite each other as shown in the lower photo above.
2. You'll overlap these centers and adhere them together.
3. Adhere the two triangle pieces together - both card stock and DSP. Now adhere them to the outer most triangle layers.
4. Fold the card closed. Adhere the thin DSP strips to the outer most edges as shown in the upper photo.
5. Stamp the greeting on either White or Blue card stock; adhere to the right side of the White circle. Adhere to the left sided triangle, while the card is closed.
6. Stamp the ferny leaf image using Stazon ink, onto Bronze DSP. Let dry. Die-cut. Add to the left side of the circle.
7. Finish with a small bow.
8. Stamp the inside as desired. Add a die-cut leaf image on the left.
